...**Sistah C... Carmen Griffin-Carey**, has been a Nevis radio personality for more than eight years ... offering up her own spirited-style of 'fun and games' comedy on the community station. She is musically gifted and was a former Calypsonian at a time when very few women were involved. Her familiarity with all genres of music allows her to passionately share them with her listening audience, - often singing along with the artist and adding her own exuberant twist. Off air, she is an entrepreneur and keeps your taste buds fully satisfied with her 'famous kicken fried chicken'...look for her in her new van on the streets of Charlestown when she is not on the air.
